

International Workshop addressing Strategic Engineering

Workshop with NATO HQs and Defence College at DISPO on 70 Years of NATO: Naval Dimension

**1400-1800, April 15, 2019, Osservatorio sui Conflitti
DISPO, Albergo dei Poveri
Piazzale Emanuele Brignole, 2, Genova, Italy**

Currently the Global Geo-Political Situation is fast evolving and International Organizations have to face emerging challenges. NATO HQs and NATO Defence College represent valuable Institutions of the Alliance involved in addressing these aspects and will be part of this Workshop to discuss about future scenarios in Naval Scenarios.

Institutions, Experts and Students are invited to attend this workshop held by DISPO, Genoa University to propose Challenging Scenarios and to discuss with NATO Representatives on this aspect. A special introduction to the potential use of Modeling and Simulation will be proposed as opportunity to address these challenges by innovative transdisciplinary approaches

Free Attendance
